

Sports Apprentice - Mr Slater started working with us on Mondays and Wednesdays. Mr Slater assists in outdoor activities with children at Breakfast Club to encourage an active start to the day. He works with children on interventions for gross motor skills. He supports in English and Maths sessions when not supporting in PE activities.

Impact: Playtime behaviour has improved as children are more active in structured games. As children are shown how to play they are taking more responsibility for equipment and using it appropriately. Mr Slater is a positive male role model around school.

Coach Support: All KS2 classes had athletics sessions for half a term with a specialist Athletics coach from the SSP.

Impact: Improved quality of Athletics sessions as teachers' subject knowledge has increased.

"I have a lot more ideas for fun ways to teach Athletics since working with Marie."

Whole School Events - Chris Tomlinson (Olympic Long Jumper) came into school as an inspirational role model to talk about being in the Olympics and worked with us on a fitness circuit. Sports Crew supported the event, set up the equipment and reported on the event.

Impact: Increased participation in events, improved stamina, reliance and determination to succeed. This was also a fundraising event within the community for the school.

After School Clubs included:

KS2 Football The school team played against other Spennymoor schools.

KS2 Gymnastics Club A Coach from South Durham Gymnastics Club came in and delivered gymnastic skills and help create a routine for the Gymnastic Festival

Impact: Increased links with the community and wider opportunities for sport.

Impact of Sport Premium

at

Rosa Street Primary School

Autumn 2015

Leadership Opportunities for Pupils:

Created Sports Crew (Group of Y5/6) Children attended the training for Sports Crew and chose their roles to help support Sport and Events in school.
LEAP Training (Year 5 children) Children were trained in playground games to support younger children

Impact: Increased pupil voice on PE issues and increased participation of events.

Children attended events through the SSP:

Year 4 - Cross Country Run

"It was an opportunity for all children to run at a longer distance and the children showed great determination to keep on going."

Year 5 (Mrs Hardman) Sports Hall Athletics

The children were given the opportunity to compete at a range of events. We tried our best and who won the effort award at the end.

Reception & Gym After-School Club - Gymnastics Festival

"It was a great opportunity to show parents and carers the skills and routine we have been working on over the last 10 weeks."

Impact: Children have had an opportunity to showcase their work from PE sessions.

Staff worked with the SSP on a variety of CPD

- All teachers worked with the SSP to work on using core tasks in lessons to provide lessons matched to pupil ability and how to assess PE activities and gathered ideas on using the climbing frame.
- Miss Copland attended Gymnastics training
- Miss Davison and Mrs Lindsay-Rowell attended Fundamental Movement Skills training
- Miss Nicolson and Mrs Deinali attended a Dance course

Impact: Core Task record sheets are used to monitor children within particular groups e.g. G&T, SEND. Teachers used ideas to plan and deliver units of work and the children have demonstrated this at the festival to match the unit. Increased focus on fundamental skills in PE sessions to ensure children are secure on basic movements.
